- Race 3 + 1 from Race 2.

## SPORTING REGULATIONS

**Qualification:** Qualification consist of one 5 minute drive. Go-kart will be assigned based on the kart draw. It is up to the team which driver will decide to drive, also, both drivers are allowed as well. Minimum weight of driver through qualification is 85kg. Each driver will be weighted immediately after exiting the go-kart. Leaving the pit area is possible only after weighting and checking the weight by the organizer, otherwise penalised (+15s.). Organizer will provide ballast. Winner of qualification is team with the quickest time.

**Starting procedure:** The start of the race will be a rolling start, teams will be arranged based on the qualification results behind the safety go-kart.

**Race 1:** It is up to the team to decide which driver will drive in race 1 - individual only. Change of drivers is forbidden. Minimum weight of the driver in Race 1 is 80kg. Final results will be shown after the end of the race signalised with checkered flag. Points from Race 1 will be added according to results and they will be added to final scoring. Each driver will be weighted immediately after exiting the go-kart. Leaving the pit area is possible only after weighting and checking the weight by the organizer, otherwise penalised (+15s.). Drivers must stop to stationary before entering pits with go-kart.

**Race 2:** Second team driver (not that who drove in Race 1) will be participating in Race 2 - individual only. Change of drivers is forbidden. Minimum weight of the driver in Race 2 is 90kg. Starting grid will be arranged based on the results of the team from Race 1. Final results of the Race 2 will be shown after the end of the race signalised with checkered flag. Points from Race 1 will be added according to results and they will be added to final scoring. Each driver will be weighted immediately after exiting the go-kart. Leaving the pit area is possible only after weighting and checking the weight by the organizer, otherwise penalised (+15s.). Drivers must stop to stationary before entering pits with go-kart.

**Race 3:** Both drivers must participate in Race3. Starting grid will be arranged based on the results and sum of points from Race 1 and Race 2. It is up to the teams which driver will drive first. Minimum weight of the drives in Race 3 is 85kg. For checking the weight, there will be drive-through weight located at the entry to the box area. Drivers must stop to stationary before entering the drive-through weight and on the weight. Change of the drivers in mandatory. Box will be open after 17 minutes of the duration of the race (time on the information board/screen 23:00:00), also signalised with BOX OPEN board throughout the

duration of 5 minutes. Box for change of drivers will be open till 23rd minute of the duration of the race (time on the information board/screen 17:00:00, including). In case team will change drivers in less than 1:20:00 (including), team will be disqualified. Only drivers are allowed to enter pit area. Race will be finished after 40 minutes with checkered flag. Last lap will be signalled with board "last lap". During the change of the drivers, teams are keeping their go-kart. Drivers must stop to stationary before entering pits with go-kart.

Final results of the event will be evaluated by the sum of points from the Race 1, 2 and 3.

- Drivers are required to behave in a manner that will not endanger own and other participants health. Especially intentional bumping to others karts throughout the race, not giving space during overtaking scenarios. Fail to follow will result in penalisation of +10s adding to the final time of the race, after the race.
  - It is required to clear the track for faster driver by slower driver (overtaken by lap, NOT IN ORDER), supervised by marshals with blue flag.
  - Anytime the driver enters pit area, it is mandatory to raise hand to signalise intention to enter. When entering the box area, driver must slow down and be prepared to safely stop before entering pit area and in the pit area in a safe manner. Fail to follow will result in penalisation of +10s adding to the final time of the race, after the race.
  - All penalisation will be added after the race by adding time to the final time of the race.
  - Drivers are required throughout the time of the race to watch signalisation given by marshals and follow their signalling flags.
1. Blue flag indicates that the slower driver is required to allow the faster driver overtake in a safe manner. The driver is required to let pass faster drivers not later than one lap from first signalisation of the blue flag.
  2. Yellow flag and warning lights are indicating danger on the track, accident, etc.. Drivers are required to reduce speed. Overtaking is not allowed!
  3. SC + yellow flag warning lights - when Safety car/go-kart enters the track the driver who is first in the current position will follow it and the other behind as well. Overtaking is not allowed! Change of the drivers is forbidden!
  4. Red flag indicates an immediate end of the race due to safety reasons. The drivers are required to slow down and drive into the pit.
  5. Black/white flag + no. of go-kart signalises warning before penalisation.
  6. Black flag + no. go-kart signals disqualification of driver. Driver is required, not later than in one lap to enter pit.
  7. Checkered flag indicates the end of the race, drivers will reduce speed and drive safely into the pit.
